

## FIRENZE

### CULLA DEL RINASCIMENTO

*A voluptuous, rich, faceted fragrance as the city of Florence knows how to be. A tribute to the cradle of the Renaissance, a vivid and aristocratic fragrance. The sugary notes of the Ricciarello accord envelop and comfort; they delicately blend with the succulent notes of candied fruit and Almond Blossom. Precious Amber and fine Oak Wood trace a captivating olfactory sillage capable of evoking the majesty and prestige of one of the most beautiful cities in the world...*
