

ROMA

CITTA' ETERNA

This composition is meant to be a tribute to a city of timeless charm....The fragrance begins with a fun fruity blend that evokes the cheerfulness and modernity of its lifestyle. The fresh aquatic accents recall the fluid waters of the Tiber that sinuously cross it. The flowery heart is a cornucopia of pure white petals that infuses character and underlines its identity. The base of Vanilla, Cinnamon Peel and Fruity Muscs are a tribute to the lucullan banquets and lavishly laid tables that since ancient times have made it eternal as only it knows how to be.
